

EPISKOPI PRIMARY SCHOOL Personal, social, health and economic education POLICY (PSHE)

Personal, social, health and economic (PSHE) education is an important and necessary part of all pupils' education. All schools should teach PSHE, drawing on good practice, and this expectation is outlined in the introduction to the proposed new national curriculum.

PSHE is a non-statutory subject. To allow teachers the flexibility to deliver high-quality PSHE we consider it unnecessary to provide new standardised frameworks or programmes of study. PSHE can encompass many areas of study. Teachers are best placed to understand the needs of their pupils and do not need additional central prescription.

Schools should tailor their local PSHE programme to reflect the needs of their pupils whilst using their PSHE education programme to equip pupils with a sound understanding of risk and with the knowledge and skills necessary to make safe and informed decisions.

Schools should seek to use PSHE education to build, where appropriate, on the statutory content already outlined in the national curriculum, the basic school curriculum and in statutory guidance on: drug education, financial education, sex and relationship education (SRE) and the importance of physical activity and diet for a healthy lifestyle.

A PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

From 2020, the following subjects will become compulsory in applicable schools in England.

- relationship education in primary schools
- relationship and sex education in secondary schools
- health education in state funded primary and secondary schools

These subjects will support all young people to be happy, healthy and safe. Equipping them for life as an adult in British society.

Jigsaw programme of study

This Jigsaw PSHE policy is informed by existing DfE guidance on **Sex and Relationships Education** (Sex and Relationship Education Guidance, July 2000), **preventing and tackling bullying** (Preventing and tackling bullying: Advice for head teachers, staff and governing bodies, July 2013), **Drug and Alcohol Education** (DfE and ACPO drug advice for schools: Advice for local authorities, headteachers, school staff and governing bodies, September 2012), **safeguarding** (Working Together to Safeguard Children: A guide to inter-agency working to safeguard and promote the welfare of children, March 2013 and Keeping Children Safe in Education, 2016)) and **equality** (Equality Act 2010: Advice for school leaders, school staff, governing bodies and local authorities, revised February 2013).

The Jigsaw Programme meets all the outcomes in the PSHE Association Programmes of Study, 2017.

Aim of the Jigsaw PSHE policy

To provide pupils with the knowledge, understanding, attitudes, values and skills they need in order to reach their potential as individuals and within the community.

Pupils are encouraged to take part in a wide range of activities and experiences across and beyond the curriculum, contributing fully to the life of their school and communities. In doing so they learn to recognise their own worth, work well with others and become increasingly responsible for their own learning. They reflect on their experiences and understand how they are developing personally and socially, tackling many of the spiritual, moral, social and cultural issues that are part of growing up.

They learn to understand and respect our common humanity; diversity and differences so that they can go on to form the effective, fulfilling relationships that are an essential part of life and learning.

In our school we choose to deliver Personal, Social, Health Education using Jigsaw, the mindful approach to PSHE.

Objectives/Pupil learning intentions:

Jigsaw PSHE will support the development of the skills, attitudes, values and behaviour, which enable pupils to:

- Have a sense of purpose
- Value self and others

- Form relationships
- Make and act on informed decisions
- Communicate effectively
- Work with others
- Respond to challenge
- Be an active partner in their own learning
- Be active citizens within the local community
- Explore issues related to living in a democratic society
- Become healthy and fulfilled individuals

Jigsaw Content

Jigsaw covers all areas of PSHE for the primary phase, as the table below shows:

Term	Puzzle name	Content
Autumn 1:	Being Me in My World	Includes understanding my place in the class, school and global community as well as devising Learning Charters
Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and diversity work
Spring 1:	Dreams and Goals	Includes goal-setting, aspirations, working together to design and organise fund-raising events
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills
Summer 2:	Changing Me	Includes Sex and Relationship Education in the context of looking at change

Sex and Relationships Education (SRE)

See separate SRE policy

Drug and Alcohol Education

Definition of 'Drugs':

This policy uses the definition that a drug is: 'A substance people take to change the way they feel, think or behave' (United Nations Office on Drugs and Crime). The term 'Drugs' includes

- All illegal drugs
- All legal drugs including alcohol, tobacco and volatile substances which can be inhaled
- All over-the-counter and prescription medicines

Effective Drug and Alcohol Education can make a significant contribution to the development of the personal skills needed by pupils as they grow up. It also enables young people to make responsible and informed decisions about their health and well-being.

Moral and Values Framework

The Drug and Alcohol Education programme at our school reflects the school ethos and demonstrates and encourages the following values. For example:

- Respect for self
- Respect for others
- Responsibility for their own actions
- Responsibility for their family, friends, schools and wider community

Jigsaw Drug and Alcohol Education Content

The grid below shows specific Drug and Alcohol Education learning intentions for each year group in the 'Healthy Me' Puzzle.

<i>Year Group</i>	<i>Piece Number and Name</i>	<i>Learning Intentions 'Pupils will be able to...'</i>
2	Piece 3 Medicine Safety	understand how medicines work in my body and how important it is to use them safely feel positive about caring for my body and keeping it healthy
	Piece 3 What Do I Know About Drugs?	tell you my knowledge and attitude towards drugs identify how I feel towards drugs
4	Piece 3 Smoking	understand the facts about smoking and its effects on health, and also some of the reasons some people start to smoke can relate to feelings of shame and guilt and know how to act assertively to resist pressure from myself and others
	Piece 4 Alcohol	understand the facts about alcohol and its effects on health, particularly the liver, and also some of the reasons some people drink alcohol can relate to feelings of shame and guilt and know how to act assertively to resist pressure from myself and others

5	Piece 1 Smoking	know the health risks of smoking and can tell you how tobacco affects the lungs, liver and heart
		make an informed decision about whether or not I choose to smoke and know how to resist pressure
	Piece 2 Alcohol	know some of the risks with misusing alcohol, including anti-social behaviour, and how it affects the liver and heart
		make an informed decision about whether or not I choose to drink alcohol and know how to resist pressure
6	Piece 2 Drugs	know about different types of drugs and their uses and their effects on the body particularly the liver and heart
		be motivated to find ways to be happy and cope with life's situations without using drugs
	Piece 3 Alcohol	evaluate when alcohol is being used responsibly, anti-socially or being misused
		tell you how I feel about using alcohol when I am older and my reasons for this

How is Jigsaw PSHE organised in school?

Jigsaw brings together PSHE Education, emotional literacy, social skills and spiritual development in a comprehensive scheme of learning. Teaching strategies are varied and are mindful of preferred learning styles and the need for differentiation. Jigsaw is designed as a whole school approach, with all year groups working on the same theme (Puzzle) at the same time. This enables each Puzzle to start with an introductory assembly, generating a whole school focus for adults and children alike. There are six Puzzles in Jigsaw that are designed to progress in sequence from September to July.

Each Piece has two Learning Intentions: one is based on specific PSHE learning (covering the non-statutory national framework for PSHE Education but enhanced to address children's needs today); and one is based on emotional literacy and social skills development to enhance children's emotional and mental health. The enhancements mean that Jigsaw, the mindful approach to PSHE, is relevant to children living in today's world as it helps them understand and be equipped to cope with issues like body image, cyber and homophobic bullying, and internet safety.

Every Piece (lesson) contributes to at least one of these aspects of children's development. This is mapped on each Piece and balanced across each year group.

Differentiation/SEN

Jigsaw is written as a universal core curriculum provision for all children. Inclusivity is part of its philosophy. Teachers will, as always, tailor each Piece to meet the needs of the children in their classes.

To support this differentiation, many Jigsaw Pieces suggest creative learning activities that allow children to choose the media with which they work and give them scope to work to their full potential. To further help teachers differentiate for children in their classes with special educational needs, each Puzzle includes a P-level grid with suggested activities for children working at each of those levels.

Safeguarding

Teachers need to be aware that sometimes disclosures may be made during these sessions; in which case, safeguarding procedures must be followed immediately. Sometimes it is clear that certain children may need time to talk one-to-one after the circle closes. It is important to allow the time and appropriate staffing for this to happen. If disclosures occur, our safeguarding procedure is followed.

Monitoring and evaluation

The PSHE co-ordinator will monitor delivery of the programme through observation and discussion with teaching staff to ensure consistent and coherent curriculum provision.

Evaluation of the programme's effectiveness will be conducted on the basis of:

- Pupil and teacher evaluation of the content and learning processes
- Staff meetings to review and share experience

External contributors

External contributors from the community, e.g. health promotion specialists, school nurses, social workers, and community police and fire officers, make a valuable contribution to the Jigsaw PSHE programme. Their input is carefully planned and monitored so as to fit into and complement the programme.

Teachers are always be present during these sessions and remain responsible for the delivery of the Jigsaw PSHE programme.

The Learning Environment

Establishing a safe, open and positive learning environment based on trusting relationships between all members of the class, adults and children alike, is vital. To enable this, it is important that 'ground rules' are agreed and owned at the beginning of the year and are reinforced in every Piece – by using The Jigsaw Charter. (Ideally, teachers and children will devise their own Jigsaw Charter at the beginning of the year so that they have ownership of it.) It needs to include the aspects below:

The Jigsaw Charter

- We take turns to speak
- We use kind and positive words
- We listen to each other
- We have the right to pass
- We only use names when giving compliments or when being positive
- We respect each other's privacy (confidentiality)

Teaching Sensitive and Controversial Issues

Sensitive and controversial issues are certain to arise in learning from real-life experience. Teachers will be prepared to handle personal issues arising from the work, to deal sensitively with, and to follow up appropriately, disclosures made in a group or individual setting. Issues that we address that are likely to be sensitive and controversial because they have a political, social or personal impact or deal with values and beliefs include: family lifestyles and values, physical and medical issues, financial issues, bullying and bereavement.

Teachers will take all reasonable, practical steps to ensure that, where political or controversial issues are brought to pupils' attention, they are offered a balanced presentation of opposing views. Teachers will adopt strategies that seek to avoid bias on their part and will teach pupils how to recognise bias and evaluate evidence. Teachers will seek to establish a classroom climate in which all pupils are free from any fear of expressing reasonable points of view that contradict those held either by their class teachers or their peers.

Answering Difficult Questions and Sensitive Issues

Staff members are aware that views around SRE and Drug and Alcohol Education-related issues are varied. However, while personal views are respected, all SRE and Drug and Alcohol Education issues are taught without bias using Jigsaw. Topics are presented using a variety of views and beliefs so that pupils are able to form their own, informed opinions but also respect that others have the right to a different opinion.

Both formal and informal SRE and Drug and Alcohol Education arising from pupils' questions are answered according to the age and maturity of the pupil(s) concerned. Questions do not have to be answered directly, and can be addressed individually later. The school believes that individual teachers must use their skill and discretion in this area and refer to the Child Protection Coordinator if they are concerned.

Our school believes that SRE and Drug and Alcohol Education should meet the needs of all pupils, answer appropriate questions and offer support. In Jigsaw Pieces that cover SRE provision, this should be regardless of their developing sexuality and be able to deal honestly and sensitively with sexual orientation, answer appropriate questions and offer support. Homophobic bullying is dealt with strongly yet sensitively. The school liaises with parents/carers on this issue to reassure them of the content and context.

Involving parents and carers

The school believes that it is important to have the support of parents, carers and the wider community for the Jigsaw PSHE programme. Parents and carers are/will be given the opportunity to find out about and discuss the Jigsaw PSHE programme through:

Training and support for staff

All staff benefit from Jigsaw PSHE training in order to enhance their PSHE delivery skills. Opportunities are provided for staff to identify individual training needs on a yearly basis and relevant support is provided.

In addition to this, support for teaching and understanding PSHE issues is incorporated in our staff INSET programme, drawing on staff expertise and/or a range of external agencies.

Dissemination

This policy is available on our school website where it can be accessed by the community. Training is regularly delivered to staff on the policy content. Copies are available from the school office on request from parents/carers.
