

ACCESSIBILITY STATEMENT

We aim that all pupils at Episkopi Primary School should meet their full potential and be fully included in the life of the school. We are committed to removing any barriers which may make any aspect of this inclusion difficult. Within the curriculum we are committed to setting suitable learning challenges, responding to pupils' diverse learning needs and overcoming potential barriers to learning and assessment for individuals and groups of pupils. We are committed to equal opportunities for all, irrespective of gender, race or ability.

Episkopi Primary School is an inclusive and supportive community which develops independent learners and thinkers, enabling all children to succeed. We aim to promote the full inclusion of every pupil into every aspect of school life.

All pupils have access to all areas of the school. However if a child is totally restricted to a wheelchair there are some classrooms with small steps that require portable ramps to be used. A disabled toilet is available and adaptations can be made to meet specific needs.

The curriculum can be fully accessed by all children attending the school. The MOD Assessment of Suitability Overseas (MASO) can prevent some children from coming to Cyprus due to lack of appropriate medical care or facilities on the Island.
