

# Building Learning Power

To be the best learner that you can possibly be, you need to know not just what to learn, but also **how to learn**.

## What is learning power?

When you have gained learning power, you are able to be resilient, resourceful, reflective and use good relationship skills. At Episkopi Primary School we have four amazing learning wizards who will help you develop these skills.

## Why is learning power important?

It is important for you to be able to make the most of every situation in school, out of school and beyond school.

Often in life there are challenges to face and tricky moments to overcome. If you can master the learning skills and gain learning power, you will be happy and comfortable as a learner and be able to face challenges with confidence.

## Who are the learning wizards?

Let us introduce them to you...

### RADHA RESILIENCE

helps you to learn the power to persevere when faced with a challenge:

- I don't give up even when learning is hard.
- I like to be challenged.
- I get absorbed in my learning.
- I don't let myself get distracted.
- I notice everything.

### RAY REFLECTIVE

helps you to improve by learning from mistakes and preparing for learning:

- I am reflective and I think carefully about my learning.
- I plan my learning and like using my everyday experiences to help me.
- I can review and redo to improve my learning.
- I enjoy talking about the progress I am making.
- I learn from my mistakes.

### RENE RELATIONSHIPS

provides you with the skill of collaborating and co-operating with others:

- I can work independently but I am also a good team player.
- I can put myself in someone else's shoes and show empathy.
- I like to congratulate others on their ideas.
- I am a good and active listener.

### ROBIN RESOURCEFUL

stretches your mind so that you can make links between all of your wonderful learning experiences, ask good questions and want to continue learning:

- I try to find things out for myself.
- I use the resources around me.
- I link what I have already learned to help me learn new things.
- I use pictures in my head to help my thinking.
- I ask great questions.
- I like to go exploring for answers.
